

Cabinmate Request Form

Camper Name _____

No special requests

I have the following cabinmate requests to be considered:

1) _____

2) _____

* Additional notes or comments:

Camp Kawaga makes NO GUARANTEES in cabin placement. We will make every effort to consider all requests, but many factors determine cabin placement. The following procedures are used in the request consideration process and cabin placement:

1. The Cabinmate Request Form must be returned to Buffalo Grove before April 1st;
2. Request must be made mutually by both campers;
3. Request must be made by campers attending the same Session; AND
4. No more than two names may be listed for requests.

Please consider the following:

- Though we will not make guarantees for cabin placement, we will do all we can to put your son into a comfortable situation so his transition to Camp Kawaga is as smooth as possible.
- Meeting new people should be one of the goals for the camp experience.
- Many returning campers have established cabin groups and that can make it hard for new campers to get settled in with an already established group
- We will be looking at many requests, while yours may seem simple; it is not as easy as you may think. In fact it is very difficult. Parents should work with their son when completing this form. If a situation warrants, parents should be honest with other families that may be involved in “sensitive” requests.
- Once again we cannot and will not guarantee cabin placement. We will do the best we can and give the best care that we can while your son is with us. Thank you for your support and understanding.
